

## Loctite® QuickTite® Instant Adhesive Gel

New, easy-to-use Loctite® QuickTite® Instant Adhesive Gel won't mess up the job.

Loctite® QuickTite® Instant Adhesive Gel is a general-purpose instant adhesive featuring an innovative, precision flow control applicator. This new, patented, "squeeze grip" applicator allows for pinpoint control of the exact amount and placement of the adhesive. It is also designed to be clog-free, so the adhesive is always ready to use.

### PRODUCT BENEFITS:

- New self-piercing, no-clog tip.
- Improved dispensing control and accuracy.
- Locking cap collar prevents leaks and hardening.
- Continuous flow or drop control – less waste.
- Spill-proof design keeps hands clean.
- Virtually indestructible construction.
- Perfect for pocket or toolbox.
