

Sustainability – The Foundation of Henkel

Henkel is founded on a deep commitment to deliver services and chemical products that consistently exceed customer expectations.

The guiding principles of Henkel inspire long-term customer relationships based on reliability, credibility and mutual trust. This trust is earned by the continued practice of putting the customer first and working to discover new, more effective solutions every day.

With more than 50,000 employees, including 3,000 chemists and engineers, Henkel continues to expand its diversified range of products and services. Facilities in over 80 countries help ensure Henkel remains a global market leader.

Loctite® 5260™ Series Dispensed Foam Cured-in-Place Gaskets

Dispensed Foam Cured-In-Place Gaskets (CIPG)

Dispensed Foam CIPG Benefits

Replace old, outdated manufacturing processes with lean, automated systems.

Eliminate multiple die cut, peel and stick gaskets.

- Lower material costs.
- Reduce inventory and procurement costs.
- Decrease labor costs by significantly reducing man-hours associated with foam tape/gasket installation.
- Improve quality by using an automated process versus a manual application process.
- Save money and time during the prototype and testing stages. Dispensed foam gaskets can be applied to parts in minutes.

Products can be processed on level or inclined, flat or grooved surfaces.

Applications

Under Hood

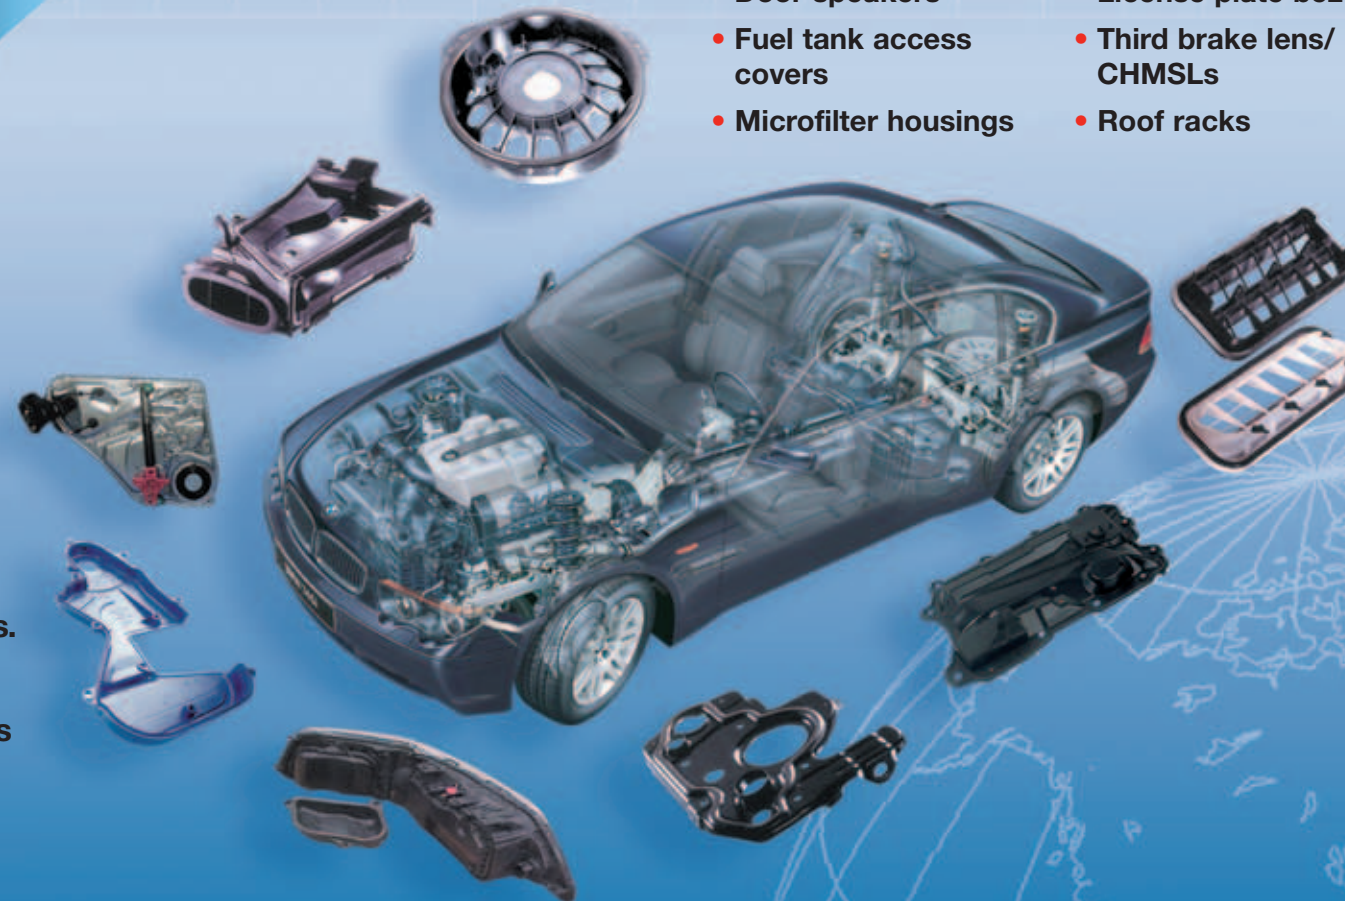

- Engine covers
- Fuse/relay box covers

Interior

- Door carrier modules/water shields
- Pedal plates
- Door access panels
- Door speakers
- Fuel tank access covers
- Microfilter housings

Exterior

- Windscreen cowls
- Air extractors/door vents
- Light bars/trim
- License plate bezels
- Third brake lens/CHMSLs
- Roof racks
